I am cheerful, easy-going, and high motivated person. I am non-smoking and non-drinking person. I love chocolate so much. I love listening to Korean-Pop, accoustic, classical, country, and jazz music. I do like animals, but sometimes I am afraid of them, especially dogs. I am passionate about economy, art, singing, and different culture.

Singing, listening to music, playing musical instruments like organ and a bit of guitar, swimming, and reading.

Korean –Pop, accoustic, country, classical music; Adventure and sometimes horror movies.

Walking home from school with my brother. It takes more than two hours and we really really tired. After arrived at home, I realized my skin was getting darker and I regret it hahaha.

All about arts, music, Korean, and choir. I like simple, kind, and humble

person. I like the time I spend with my friends and families.

I hate people who judge someone based on their own mind without knowing that person well. I hate people who act mean to someone because they are not as strong as them.
