

# Mariam Kavtaradze

**Country:** Georgia

**Languages:** Georgian, English and Ukrainian the official

**Personal Description:** I'm a curious, friendly and fun to be with. I love nature, especially doing, so I'll be doing it with one. I've often been tired and restless. I like to be surrounded by different kind of people and like to be in a friend's company. I create and try to look at the world from different angles. I enjoy having new experiences and changes in environment. I'd encourage and love to have fun even in the dead of winter.

**Hobbies:** hiking, reading, listening to music, drawing, hanging out with friends, watching movies, listening to music...

**Favourite Music and Movies:** I mostly prefer '90s rock music, I also listen to other genres, such as soul, jazz and pop(sometimes). I like discovering not-so-famous musicians and listening to not-so-popular songs.

As for movies, I like thrillers and comedies, rather than horror when there's a crowd around me.

**The craziest thing I've done in my life:** One summer my friend and I went out of the city in a car. When it started to rain, we decided that we didn't need a car and we could walk with our feet in the mud. The distance to our destination was 40 km from Anauri to Tbilisi, the car had a hole in the tire. At first it was a lot of fun, but then we got tired and we had to stop at the end, and we did it. After that our feet were in terrible condition, and I couldn't even walk from one room to another.

**Things I like:** I like to be in nature and feel the real world, discovering new places, collecting interesting objects. I like honest and straightforward people, and people with a great sense of humour. I like to make sudden decisions.

**Things I don't like:** I don't like feeling bored and I hate to be late!!..
