

Stoyan Zhivkov Mihalev

Country: Bulgaria

Languages: Bulgarian, English and Russian

Personal Description: Very positive, friendly person. I don't smoke, LOVE to read books and magazines, spend time with the people I care about, love animals (have a dog and a cat), really enjoy doing voluntary work, love nature and sometimes (when in the mood) I cook. Can't say that I am a night person, but I will party till dawn. In reality everyday I get up around 7-8 am. I try to live a healthy life – drink a lot of water, eat a lot of vegetables and that kind of stuff. I prefer to listen to the radio than watching the TV.

Hobbies: Reading, hiking, swimming, listening to music, reading again, relaxing under an old tree (except in the winter).

Favourite Music and Movies: Jazz, retro, traditional Bulgarian music; hmmm married with children, A scent of a woman and definitely Star Trek. Huge fan of the product!!!

The craziest thing I've done in my life: a trip in the forest alone with my motorcycle. It was after a rainy day and I decided to spend some time in the mud, but it turned out to be very a lifetime experience. There were several „stunts“, a crossing of a mini river, malfunction with the engine, several falls and a lot of bruises.

Things I like: To watch my favourite team (Arsenal – COYG), to walk my dog and spend time in the countryside.

Things I don't like: People who are rude, disrespectful and are bullies.

Life Motto: Be yourself and everything will be alright.
